Chairman, CDC

Resource Persons:

Dr. D.G. Sawant

Dr. B. B. Ghute

Dr. R.S. Gore

Dr. D.W. Patil

IQAC Coordinator:

Dr. R.A. Joshi

Program Coordinators:

Dr. U. L. Sahu

Dr. S. S. Markad

Theme of the Workshop:

Election is the soul of democracy. Elections are held for various bodies right from national level to state and district level. The universities in the states conduct elections for various bodies like academic council, senate, board of studies, etc. The method of preferential vote is adopted in these types of elections. It is crucial on the part of voters to be very conscious while casting their votes. It has seen that there are chances of rejection of votes due to wrong casting of the vote. There are some minor things that need to be considered while casting the vote. Considering this issue of the rejection of votes, we decided to take a workshop for awareness of voters. The following areas will be covered in the Workshop:

1. The process of Election.
2. University guidelines for voting.
3. How (not) to cast vote.
4. Things that need to be avoided while casting vote.
5. How to give preferences to the candidates.
6. Vote count and result preparation.
7. University bodies.

Registration Link: [Click here for registration](#)

Date : 26th November 2022
