Toshniwal Arts, Commerce and Science College,

Sengaon Dist. Hingoli (MS) 431542

:: On ::

19th Aug 2023 (AY 2023-24)

Brief Report

Introduction NEP 2020

Education is basic need for achieving human potential, developing an equitable society, and promoting national developments. Providing universal access to quality education is the key to India's continued ascent, and leadership on the global stage in terms of economic growth, social justice and equality, scientific advancement, national integration, and cultural preservation. Universal high-quality education is the best way forward for developing and maximizing our country's rich talents and resources for the good of the individual, the society, the country, and the world. India will have the highest population of young people in the world over the next decade, and our ability to provide high-quality educational opportunities to them will determine the future of our country.

The world is undergoing rapid changes in the knowledge landscape. With various dramatic scientific and technological advances, such as the rise of big data, machine learning, and artificial intelligence, many unskilled jobs worldwide may be taken over by machines, while the need for a skilled workforce, particularly involving mathematics, computer science, and data science, in conjunction with multidisciplinary abilities across the sciences, social sciences, and humanities, will be increasingly in greater demand. With climate change, increasing pollution, and depleting natural resources, there will be a sizeable shift in how we meet the world's energy, water, food, and sanitation needs, again resulting in the need for new skilled labor, particularly in biology, chemistry, physics, agriculture, climate science, and social science. The growing emergence of epidemics and pandemics will also call for collaborative research in infectious disease management and development of vaccines and the resultant social issues heightens the need for multidisciplinary learning. There will be a growing demand for humanities and art, as India moves towards becoming a developed country as well as among the three largest economies in the world.

The teacher must be at the centre of the fundamental reforms in the education system. The new education policy must help re-establish teachers, at all levels, as the most respected and essential members of our society, because they truly shape our next generation of citizens. It must do everything to empower teachers and help them to do their job as effectively as possible. The new education policy must help recruit the very best and brightest to enter the teaching profession at all levels, by ensuring livelihood, respect, dignity, and autonomy, while also instilling in the system basic methods of quality control and accountability.

Brief about the Workshop

Government of India proposed and accepted to implement the New Education Policy at various levels of academics, the Government of Maharashtra accepted for implementation of the same. While implementing the NEP it is necessary to make all the stakeholders aware about the policy details, inn and outs, benefits etc. Teachers being one of the major pillar of the education system, bridging the gaps between academic, youth and society. Hence making teachers more aware and understand about the policy is very necessary, hence considering this facts as agenda, our University, Swami Ramanand Teerth Marathwada University Nanded had started the scheme to organize awareness workshops for College teachers at block levels.

Sengaon being one of the block of Hingoli district coming under perview of SRTM University, Nanded hence the workshop organized for the faculty members of HEIs belonging to Sengaon region on 19th Aug 2023 at Toshniwal Arts, Commerce and Science College, Sengaon. Prof. Dr. M. K. Patil, I/C Dean, Faculty of Science and Technology, Swami Ramanand Teerth Marathwada University Nanded being the chief speaker for the workshop while the workshop was chaired by Prof. Dr. S. G. Talnikar, Principal, Toshniwal Arts, Commerce and Science College, Sengaon along with Dr. R. A. Joshi Coordinator IQAC Toshniwal Arts, Commerce and Science College, Sengaon.

Proceeding of the workshop

Workshop began with formal welcome of the Chairman, Chief Guest and other member on dice, and garlanding of Mata Sarasvati and Swami Ramanand Teerth followed by lightning of the lamp as a symbol of new beginning. The chairman is felicitated by the faculty member assistant professor Mr. P. K. Ghan, the chief speaker felicitated by the institute head Principal Dr. SG Talnikar while Dr. Joshi felicitated by Dr. Pravin Totala. The preface of the event is expressed by Coordinator IQAC Dr. RA Joshi, while the chief guest introduction covered by Dr. Y. S. Nalwar.

Prof. Dr. M. K. Patil in his address as resource person has begun his talk about the ancient education system in India, role of the residential schooling pattern, cultural imbibement in students and development of society. He has also focused on global education system, pattern followed therein along with the requirement of becoming very updated about various aspects must be taken under consideration while delivering knowledge to students. Dr Patil also talked about the credit system mentioned in the NEP 2020, subjects, courses choices available to students with pattern of semester and syllabus systems, he also elaborated about the assessments and evaluation methods adopted under the education policy. His remark

about involvement of teaching fraternity along with students in teaching learning process in understanding research specific, goal oriented education accompanied with job opportunity and society development represented the very particular aim of NEP 2020. Dr. Patil has tirelessly addressed the faculty members for more than Two and Half hours, his knowledge delivering process, concept clarity, language command and speaking stamina are some of the key aspects which impressed and notified by the audience in feedback. He has also cleared all the doubts raised by the participants at the end of his session very satisfactorily.

Principal of the College Dr. SG Talnikar in his presidential address highlighted about the problems and difficulties faced by the students in earlier education system, he has also emphasized on the aspect of multiple entry and exit opportunity for the students, he believed in implementing the NEP 2020 at the College at UG level to be very beneficial and useful in deciding and developing ones future.

The meeting concluded with national anthem and expression of vote of thanks by Mr. TU Kendre, Assistant Professor Chemistry while the event is compiled by Dr. DG Sawant Associate Professor English. Approximately 50 faculty members from junior as well as senior College have attended and get benefited from the workshop.
