

Annual Report: Academic Year 2019-2020

Department of Student Welfare and Scholarships

In the academic year 2019 - 2020, the Student Welfare and Scholarship Committee passed and implemented some important resolutions for the overall development of students. Following is the annual report of the work done by the committee.

The present age is the age of competition. Rural college students like us should not be left behind in the competition. Therefore, the committee decided to start a competitive guidance examination center for the students. College administration and management followed up to implement it. From that, a competitive examination guidance center was started in the college. Many students are benefiting from it.

In order to encourage meritorious students in the college, the committee passed the following resolution and implemented it. "Annual parent meeting should be held to felicitate and award the students who excel in different subjects and in sports and cultural fields" This resolution is being implemented every year.

The committee took a resolution to provide the facility of Extra Class to the students who failed in the session examination. A recommendation was made to the Academic Committee for its implementation. Therefore, after starting Extra Class, it became easy for failed students to pass and go to the next class.

How and what kind of help can be given to the backward class scholarship holder students by holding committee meetings. Tried to give the benefit of scholarship to maximum number of students. Obtaining the documents required for the scholarship from various offices, filling the scholarship form on MAHA DBT Portal, helping in opening bank accounts, linking mobile, Aadhar number and bank accounts etc. came

Due to this effort of the committee, 401 students of the college got the benefit of Government of India scholarship in the academic year 2019-2020.
