Report on Certificate course on Watershed Management for AY 2021-22

The main aim of this course to discuse various aspect of watershed and its management, so in holistic way. A watershed is an ideal unit for mullti-disciplinary planning and management of land, water resources, so that the various management practices ensure continuous benefits in a suitable way. So this watershed is a geographical area which can be studied as per the topography and it is based on various management practices of the water, land and other resources in that area. When we talk about watershed management, we will be discussing in the perspective of sustainable management. Sustainable management means all the resources available in the watershed. We will be managing in a way that it will be useful for the present generation and the future generation. Hence this course is very useful.

Objective: Social upliftment and well-being of inhabitants.

Learning outcomes: In this year this course has registered six students who have successfully completed the course. Following are the students who have completed the course.

Sr. No.	Name of the students	Status
1	Solanke Rohini Baliram	Completed
2	Ghodke Roma Bhagoji	Completed
3	Jangid Ankit Ramniwas	Completed
4	Jangid Tejas Ramniwas	Completed
5	Bidkar Priti Bhanudas	Completed
6	Ambhore Gajanan Gulab	Completed
